

BOLOGNESE DOG CLUB UK

Non-profit organisation

This club has been developed to bring Bolognese owners and enthusiasts together to share experiences and knowledge and to feel part of a friendly and supportive group. The club is for everybody from the owner of a single much loved Bolognese through to experienced breeders, show exhibitors, groomers, trainers and other professionals. The club will benefit those aspiring to own a Bolognese dog as you will find trusted advice on choosing, training and caring for a Bolognese puppy.

Bolognese Dog Club membership is on 2 levels. '**Club membership**' is for pet owners and '**Pro membership**' for people who show their dog or breed. The club website 'Pro Club Area' covers issues such as the breed standard, DNA testing and The Assured Breeder Scheme. The rest of the content is general, fun and informative. Each member has their own web profile where they can add pictures and information. Members can also add posts and events to the club blog and much more!
