

### **MEET UP GUIDLINES**

As we are attracting higher number at our lovely Bolognese MEET UPS, we feel it's sensible to remind people of some sensible guidelines to make sure all the dogs are safe and that everybody enjoys the day.

- Be careful when introducing your dog to others it doesn't know.
- Give your dog a chance to familiarize itself with the other dogs from a distance and introduce slowly as it can be initially overwhelming for some dogs.
- Keep your dog under control at all times.
- Please don't bring bitches in season.
- Keep your dog on a lead in all venues such as cafe's and pubs and on their premises such as gardens or outside spaces associated with the venue.
- Please don't give food or treats to other dogs without permission from the owners.
- Be super aware of other dogs around you and do not crowd them.
- Failure to keep to the guidelines could result in you being asking to leave the group, in order for us to keep the venues.

Thanks everybody  
The Bolognese Dog Club Committee
